Hi, Donn....I can check. It may be too late. Also, which is the SSS website that should be deleted. I'm not sure which one that is. Stay tuned.

Good points. Bob. Donn, EPA and CAA had agreed to use the shorter address. Can we make the changes in the newspaper notices and all materials from this point on?

Donn and Snehal, I received the post card, thanks. I am looking forward to the meeting. I have a quick question about the web sites that are listed. I see three complicated EPA websites listed but I don't see <http://www.sanjacintowastepits.com/> listed. We've offered this link for a long time as an easy link that people can remember, but it has never been embraced by EPA. Right now, the sanjacintowastepits.com site automatically forwards to <http://cfpub.epa.gov/supercpad/cursites/csitinfo.cfm?id=0606611> (which is an EPA San Jacinto River Waste Pits Superfund site, but not one of the three you have listed on the postcard).

Will EPA ever be interested in utilizing the <http://www.sanjacintowastepits.com/> link? It is infinitely easier to remember than the three sites that are listed on the post card. Those sites are even hard to type in, let alone remember. If not, I think we will stop re-directing it to an EPA website and just make our own site. Please let me know your thoughts. It's no problem, either way. Thanks.
